The Queen wishes me to write and thank you all for the picture postcard you send from Canada where you were working towards gaining your Gold Duke of Edinburgh Award.

Her Majesty was interested to hear that you canoed 150 miles and walked 25 miles, carrying your kit, to complete this particular task and, although unable to reply to you personally, The Queen was pleased to hear that you found the experience both exhilarating and enjoyable.

Her Majesty much appreciated your kind thought for her, and I am to thank you all once again for writing as you did.
