

County Night Hike - RESULTS.

Hi Everyone

I hope you have all thawed out following last night's night hike!

It read minus six on my car temperature gauge at one stage last night & I'm convinced it was colder in the riding arena.

Well done all who participated - various feedback from people has indicated that both routes were challenging & varied in the amount of road versus footpath.

Statistics -

38 teams comprising 14 Explorer & 24 scout teams = 201 scouts

24 walking leaders.

5 walkers in the sweep team.

13 checkpoint staff

7 checkin / catering team

2 minibus pick up

TOTAL = 252 very cold people!!

Many thanks to Dick Bassett for his check in & catering team, to the leaders who braved the cold by running the checkpoints, Naomi Butterworth for minibus pickups & to network for the sweep team.
