

Orion ESU meet Peter Duncan

Gilwell Wintercamp 2009

This is a must for any explorer units who want a challenge in camping, due to the cold and mud which are always part of this event, Orion have now completed 2 wintercamps at Gilwell park. This event is open to scouts and explorers. The basic element of the camp is to enjoy yourself with all of the activities put on at no extra cost.

These events can vary from most years, but rock climbing, quid biking, zorbing, outdoor lazer, high ropes and high swing are always a part – in 2008 almost 4,500 people attended and in 2009 just over 3,000 scouts and explorers mastered the record low temperatures of – 8 to – 10 the coldest camp I have ever had to complete, I do hope that now Orion have taken the challenge some other groups from Solihull will come and join us next year just to experience the joys of completing this event.

In 2009 **Orion ESU** had the chance to meet **Peter Duncan Chief Scout of the UK** who was more than happy to have his picture taken and enjoyed the stories of our explorers on what they have completed at Gilwell Wintercamp and what they did in 2008
